## **DETAILED ACTION**

### ***Reasons for Allowance***

1. The following is an examiner's statement of reasons for allowance: Based on applicant's amended claims, Examiner finds on further search that there is not art that anticipates or renders obvious applicant's invention. The combination of elements along with applicant's technique "for extracting the corresponding frequency / phase offsets by accumulating pre-calculated bandwidth value" of loop filters appears to be novel based on previous and updated search.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1, 2, 4 – 13, and 16 – 19 are allowed.

### ***Other Cited Prior Art***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Koslov (US-5,940,450), Taga (US-6,081,563), Kim (US-6,650,715), Liu (US-6,775,334), and Jaffe (US-6,842,495) disclose invention related to applicant's invention.
